Our family programme consist of Spanish* courses for both adults and children, enabling the whole family to come to Spain together. These courses, in which adults, teenagers and children older than five years can take part, combine Spanish lessons with cultural leisure and sports activities.

They are organised so that parents and children can learn the language while enjoying a holiday together.

* English courses also available for parents and children.

PARENTS & CHILD'S PROGRAMME

All family members attend classes for a set number of hours week. Personalized timetables are provided ensuring that everyone's classes start and finish times are compatible, thus allowing the whole family to enjoy the same free time. These courses can be extended to include recreational cultural and sport activities, allowing adults to attend a larger number of language classes or just to relax while the children enjoy themselves.
